

OTTO BREMER FOUNDATION  
445 Minnesota St., Suite 2250 St. Paul, MN 55101

The client needed a collaborative workspace and an inviting environment, a place where visitors would feel welcome and comfortable. We worked closely with The Bremer Foundation on this mission. The solution is warm, inviting and has Asian undertones. The space uses only a series of sliding doors — no walls — a concept borrowed from Asian design, it allows the room to feel transparent and accessible to all.
