

WEDDING DAY DIAMONDS
1747 County Road B2 West Roseville, MN 55113

Wedding Day Diamonds in Roseville teamed up with Tanek (again) to create the perfect wedding-ring-buying-experience... who knew (Tanek did) that bright white walls, fixtures and modern metal signage could remove *some* proposal-stress from the groom-to-be? It turns out that being IN a diamond simplifies the whole process because humans love sparkly objects and shiny things. *Like magpies.*

Now that the ring-part is out of the way, pack your parachute (what, why??) and plan the proposal. Ask Wedding Day Diamonds if they are *also* experts in that area. Also maybe ask them to recommend the best school districts in town. Or which bar has the best happy-hour deals. Or where to find the best burger. Or... oh, you get it! They know everything.
